VISIT NOTTINGHAMSHIRE

Welcome to the new quarterly newsletter from Visit Nottinghamshire's convention bureau, bringing you the latest news on events, venues and delegate offers from across the city and county.

It's going to be a busy year for events in the city – from international cricket at Trent Bridge to the world-class British Gymnastics Trampoline & Tumbling NDP Finals at Motorpoint Arena Nottingham and everything in between. Our team is on hand, working with event organisers to offer advice, support and assistance. The free venue finding service is just the tip of the iceberg when it comes to the free support we offer, [click here](#) for a full list of what we can do.

Our team is also involved in working with Core Cities and VisitBritain on several projects aimed at strengthening our national approach to Business Tourism. These include the development of software platforms to attract business events from international markets, which also ensures each city can offer the best possible visitor experience for conference delegates. This includes making the booking process easier whilst adding value to your conference booking by offering easy access to accommodation, transport and social programmes.

As you may know, a new law will come into effect on Friday 25 May, designed to give you more control over your data. As a result, we want to make sure that you still want to hear from us quarterly. Please [click here](#) to confirm you would like to continue receiving emails from us.

UK Clinical Research Facility Network Conference is coming to Nottingham in 2019!

We are proud to announce that we have won the bid to host the UK Clinical Research Facility Network Conference in Nottingham next year. The event is scheduled to take place at the East Midlands Conference Centre and will bring together over 400 healthcare professionals from across the UK, and is set to have a positive impact on Nottingham's business visitor economy.
